

MARIMATCH at EUROPORT 2019!

Meet new business partners and expand your research & innovation network in the maritime sector

Europort is *the* international maritime meeting place for innovative technology and complex shipbuilding. **November 6 and 7** the Netherlands Chamber of Commerce and its Enterprise Europe Network partners organize MariMATCH. This international maritime B2B-matchmaking event offers the opportunity for 1:1 speed dating with new business partners. In 20 minutes meetings you will expand your international network. Former editions of MariMATCH on maritime fairs such as SMM and Posidonia have proven to be very successful.

Maritime integrators pitching innovation challenges

Next to the matchmaking, MariMatch offers an additional program to support companies with international and cross sectoral innovation: *KVK Business Challenge Europort*. During this event maritime corporates will pitch and explain important challenges they need support for. SME's, start ups and scale ups, also from other sectors, are invited to join and create new business by cooperating with big maritime companies to speed up their innovation. Register for MariMatch if you want to attend the pitching session

How does it work?

1. Register at <https://marimatch-europort2019.b2match.io/>
2. Tap the program parts you would like to take part in.
3. Scout the online catalogue and find interesting partners to meet with.
4. Request meetings and receive invitations from foreign partners.

A few days before the matchmaking event you will receive your personal meeting schedule.

More information and registration

MariMATCH is organized by Enterprise Europe Network and is free of charge but registration is mandatory. Don't forget to get your free entrance ticket for Europort 2019 at <https://www.europort.nl/visitor/registration>. For more information visit our website <https://marimatch-europort2019.b2match.io/> or contact your regional EEN-partner.
